Cycling Tour of V&A Waterfront

Explore all the sights of the V&A Waterfront and Cape Town from a bicycle seat with our professional tour guides on this fun and educational journey with spectacular sights of Table Mountain, Atlantic seaboard and Greenpoint Stadium

Learn about Cape Town's heritage while you ride through the vibrant Waterfront, getting up close and personal with the city and its inhabitants. Our guided tour combines the old and the new of Cape Town's urban landscape, with visits to Mouille Point Lighthouse, the oldest working lighthouse in South Africa, as well as Green Point Stadium, the amazing newly built sports venue that co-hosted the 2010 FIFA World Cup. Our tour also visits Cape Town's Nobel Square, the Nelson Mandela Gateway to Robben Island, Fort Wynard, Somerset Hospital, and more.

Our free bicycle tours, lead by our experienced guides, make cycling the only way to really experience this incredible city.

Professionally guided tours depart from outside the Information Centre at the V&A Waterfront on a regular basis (10am, 12 noon, 2pm and 4pm) and last for one hour. (Tours may be extended to 2 hours on request)

Please enquire about group bookings and customisation of our the tours to suit your travel requirements
